Experience top-notch training and access to up-to-date information for fitness professionals in one on one and group settings. This course sets the stage for leaders, coaches, post rehabilitation specialists, and personal trainers to learn how to use water effectively in the design and the delivery of safe, and innovative water training sessions. The course is based on practical application of evidence-based theory using an integrative approach to learning. An international, Canadian based company, recognized as the gold standard in vertical water training, encourages the body to move, the mind to discover and the spirit to soar. Experience motivating, research-based programs in deep and chest deep water designed to meet the diverse needs of community members from frail to fit, old to young, and experienced to inexperienced.
